PLAN ONE TRIBE WITH ALL
PARTICIPANTS WHO ARE JOINING
IN REC CENTER INDIVIDUAL PLAN

ABOUT US

Using a 3 Tier System to foster Unity & Peace for the children to join together in friendship. 1) Individual Community Economy 2) Join joint community Ventures with other communities 3) One Tribe Economy as a group

Using the 3 Step program to provide technological advancements for the good of the people, while using One Tribe to preserve cultural knowledge of all Tribes for the benefit of the children so that natural wisdom is not lost, as well as outdoor wildcrafting & survival skill taught by summer camps and preserved in the university for natural heal knowledge.

GOALS AND OBJECTIVES

Objective n° 1

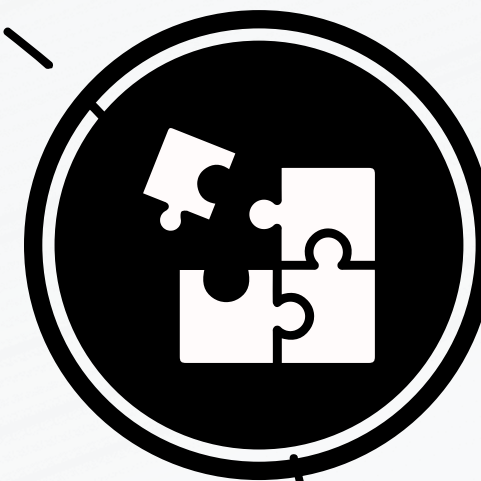

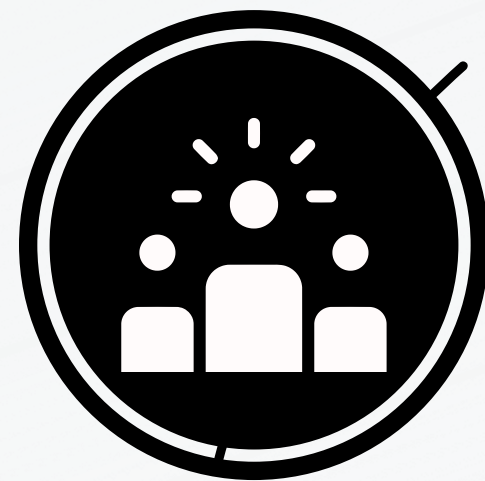

Generate economy with Individual Communities starting with general Multipurpose Rec Centers split 50/50 Active & Creative Divisions

Objective n° 2

Once Creative & Active divisions are running smoothly it will be time to join for joint community ventures for a stronger economic power with the added bonus of at-cost items for the people.

Objective n° 3

With Individual Active & Creative Divisions running smoothly they can then join with other Active & Creative Divisions to make joint economic plans to bring in even more revenue and support. This will give the foundation of friendship for One Tribe School for everyone's children.

VALUES

Mission

- By using 3 Step Program to Unity Starting with across the board Rec centers for planning, voting, meditation & yoga centers, storefronts & online planning/ shipping.
- By Splitting into Active & Creative divisions both in 50/50 time in Rec center and 50/50 responsibility delegation a community can begin to make real headway economically

- By minding physical (yoga), mental (meditation) and spaces to plan economy a group can begin to plan & execute goals getting ready. By using one economy goal across the board for Rec centers such as cannabis & mushrooms you will be ready to join forces with other communities. Chief led votes & overseeing will help keep teams focused and help with responsibility delegation.

Vision

Individual health & wellness being the foundational focus as what is good for one, is good for the group. Individual

PROJECT TIMELINE

Individual Rec centers with multipurpose such as healing centers, storage warehouse & shipping center for online selling, with storefront & separate council center for business planning can be stocked and ready in no time. By using a plan made for same building it can be priced and ready to put up quickly. With future goals to become yourself the suppliers of your own product this will be your starting point for your individual ventures to plan & budget vote for growing, organizing training & reaching economic goals. Individual pots grow into Joint Profits for the benefit of all participants. One Tribe School Spritiual Council retains 10% for savings for Butedale & healing projects internally & to public.

01

FIRST

Pricing out building packages with Member owned lumber mills and get plans ready for multi purpose rec centers that can accomodate yoga & meditation, council room for voting, and storefront & warehouse for shipping and selling.

02

GOALS

Practicing the Active & Creative division split to delegate responsibilities to reach goals. By choosing one product that can be the same across communities, you can join to fill the gaps to diversify for joint Agriculture pursuits.

03

JOINING

Once individual start ups are strong, you can join with other communities to fill each others gap with diversified Agriculture. With joint brain and manpower your will be ready to create larger scale branding by working together.

04

JOINT

Joint ventures will give you the brainpower, manpower, and resources to begin planning on brand development in different sectors to give memebers at-cost products while turning a profit to the public in new areas such as clothing or grocery.

CONCEPT IN BUSINESS

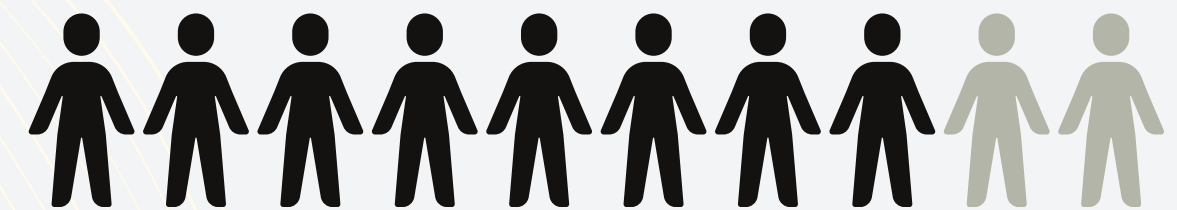

- Building a solid across the board economy to support each others start ups and fill the market gaps. Creative division plans, farms, handles storefronts, organizes training & budget delegation.
- Active division sources building supplies, builds infrastructure & frameworks. Active Division can then begin planning their economy as they join with other crews for quick building of Rec centers & begin to make new friends. This can lead to contracting, roofing, decking, house reno & building crews to bring in more economy for the Active Division.

50/50 SPLIT

Active is for any who like Active jobs of creating with their hands. Creative is for any who like creating with mind power. By splitting rec center council space for planning A / C Crews can begin planning & delegating responsibilities for quick start ups.

50%

NEXT PROJECT

Funds generated in individual community funds should go into one community pot to be split 45/45 equally with 10 going to spiritual division One Tribe. 45 funds to be voted within each division on how to be spent, oversight and released by lawyers.

Active & Creative will need to decide fund delegation as they begin to roll in. Factors such as scholarships needed to add to crew skills should be factored into each side budget.

PROJECT 1

Community projects should be for the good of the group, but accounting to pay oneself wages from the pot so that everyone is happy, but projects can continue to grow more economy.

PROJECT 2

Creative Division 10% funds go to the saving for Butedale townsite which in time will bring in large funds in the long term for all participants in the program, to there after help add to funds for everyone's pot.

PROJECT 3

TEAMWORK = DREAMWORK

Active Division

Active funds can go to tradespeople training for those who like to work with their hands. by practicing individual projects this can then grow to make bigger crews to add economy to the public while giving deals to those who need it. Youth can participate in Active Division by helping with labor before moving onto skilled areas such as wood working or equipment operation.

Creative Division

Creative Division is usually reserved for the Girls & Gays, although crews are fluid. Creative can train brand managers, influencers, web & designers, bookkeepers, lawyers etc to help behind the scenes for all projects as the growing. Elderly & Youth can find jobs in this division with mail outs and including their handicrafts on online selling.

STRATEGIES

Participate in Individual Unity Programs with skills training, planning, voting, planning & leading projects, organizing & task delegation amongst the communities to move onto joint ventures. One focus such as cannabis & mushroom can get every individual community off the ground, or diversify with Agriculture.

STRATEGY N°1

Getting Active & Creative Divisions running smoothly to then join forces with other Active & Creative crews to begin expansion into global markets while giving participants at-cost products but profit to the public. Strategies to help pay scholarships should be made in budget for skill training needed for the youth.

STRATEGY N°2

10% Spiritual Division is to join the spiritual leaders under One Tribe. Spiritual division can use budget for internal healing retreats and mental health facilities & to be offered to public. All individual pursuits can be free for it's members, joined to become stronger economically, to be offered to the public for a profit.

STRATEGY N°3

YOUR TEAM

Active

Building & Getting it Done. This crew works with their hands and can for trade crews for team economy.

Creative

Planning & behind the scenes. This crew handles the details such as bookkeeping and brand management.

Youth

Youth get trained for their position with elder support jobs in both divisions to find economy they love to join in.

THANK'S FOR READING

Other Individual projects to generate more income include Full Moon Parties selling your products & wares. Active can protect, Creative can do food & beverage service, planning together. This can encourage joint community crews to become friends and have your basis for larger projects as you grow!
